The Lisby's (our hosts) are so looking forward to hosting us. They also have a special request, kindly asking us to slip off our shoes at the entrance. In lieu, we'll have a comfy pair of socks waiting for you. As we partake in our light refreshments, guests are asked to kindly dine in the kitchen/dining room or downstairs in their second family room. We truly appreciate your graciousness & willingness to accommodate these request.

*Drawing Near,  
Coming Close.*

*We are ready.*

*We are responding.*

God is so faithful. I'm believing that this time of meeting is going to be so beautiful. My prayer is for us to encounter God's glory, face to face, heart to heart. We are coming close.

Just like Mary at the feet of Jesus. We are choosing the good part, to sit at His feet. We're putting our work, businesses, our roles, our cares, agendas, & all of the things that have had our attention [aside] to be fully captivated & consumed by our loving Father.

We are drawing near.
